JOB OBJECTIVE

Excel in the QA and Test Engineering domain by taking on challenging roles that leverage my expertise in manual and automation testing. Targeting roles in QA and Test Engineering in the IT industry, with a preference for locations in Hyderabad, Bangalore, and Chennai.

KNOWLEDGE PURVIEW

- Test Scenario Design
- User Acceptance Testing
- Regression Testing
- Test Case Designing
- Scrum & Agile Methodology
- Debugging Skills
- Quality Assurance Processes
- Defect Management
- Test Automation Frameworks
- Cross Browser Testing

SOFT SKILLS

- Communication
- Detail Orientation
- Listening
- Results Driven
- Proactive
- Problem Solving
- End-User Empathy
- Adaptability

TECHNICAL SKILLS

- Java Programming
- SQL Database Queries
- Web Development
- Software Development Life Cycle
- Selenium Automation
- Test Planning
- TestNG
- Test Case Design
- Defect Tracking
- User Acceptance Testing using JIRA
- Integration & Performance Testing
- Unit Testing

CERTIFICATIONS

- **FLM**
 - Core Java from FLM
 - Manual Testing – FLM
- **Edureka**
 - Test Automation Engineer
 - Performance Tester using JMeter
 - Mobile App Tester using Appium
 - Continuous Testing in DevOps
 - Java Programming

PROFESSIONAL SUMMARY

- Showcased competence in Manual and Automation Testing within the IT industry, with a knowledge of ensuring software quality through detailed testing processes.
- Strong knowledge of QA testing methodologies including Manual Testing, Automation Testing, User Acceptance Testing (UAT), and Regression Testing.
- Utilized tools such as Selenium WebDriver, Appium, JMeter, and JIRA for test automation, performance testing, and defect tracking.
- Familiarity with Agile methodologies (Scrum) and Software Development Life Cycle (SDLC), and ensuring quality deliverables.
- Proficient in Java programming language with a grasp knowledge of SQL Database Queries, including Table, Views, Subqueries, and Joins.
- Skilled in web development, capable of creating static web pages using HTML, contributing to a better understanding of web page structures and functionalities.
- Developed and implemented test cases, test plans, and testing documents with accuracy and meticulous attention to detail.

ACADEMIC HIGHLIGHTS

- M.Sc. from S.V. University, Tirupati, India from 2019 - 2021 with 82.7%
- B.Sc. from S.V. University, Tirupati, India from 2016 - 2019 with 94%

PROJECTS UNDERTAKEN

- **Adactin Hotel App Testing**
 - Analyzed project requirements and crafted comprehensive test scenarios and cases.
 - Leveraged Selenium for automated functionality testing using a Modular Framework.
 - Managed test execution and defect tracking with JIRA to ensure software quality through manual testing.
 - Implemented structured test scenario design, resulting in a significant increase in test coverage and efficiency.
 - Illustrated strong attention to detail and commitment to thorough testing practices.
- **Ecommerce Website Testing**
 - Developed and executed comprehensive test cases for critical functionalities of an Ecommerce website application.
 - Validated URL verification, greeting message, username validation, sign-up page redirection, item addition to cart, item search, selection, and payment processing.
 - Conducted cross-browser testing on Firefox and Chrome to ensure optimal user experience.
 - Utilized JMeter for performance testing, identified and resolved bottlenecks, resulting in a significant improvement in website loading speed.
 - Showcased a proactive approach to ensure optimal user experience through performance optimization.

PERSONAL DETAILS

- **DOB:** 11th November 1998
- **Languages Known:** English, Hindi, Telugu, Kannada
- **Address:** Thirumalesh Mansion, Maruthi Nagar, Near West Church, Tirupati - 517501
