Internship Experience:

Earney Digital Service Solutions Private Limited

Chennai, TamilNadu

Software Tester Intern

Nov 2023 – May 2024

- Executed manual test cases, identifying and documenting defects, and verifying fixes.
- Developed and maintained automated test scripts using Selenium WebDriver with Java for regression testing.
- Creating test plans, test documentation, and reporting on testing progress.
- Collaborated with cross-functional teams to understand software requirements and design comprehensive test scenarios.
- Participated in daily stand-up meetings to provide testing updates and discuss issues.
- Conducted database testing by writing SQL queries to ensure data integrity.

Projects:

Desariot

- Description: Performed end-to-end testing for an e-commerce website, validating shopping cart functionality and payment processing.
- Duration: Jan 2024 – Mar 2024

Achievements:

- Received recognition for identifying critical defects during testing, contributing to enhanced product quality.
