Email Id: jyothir124@gmail.com
Mob No: 9141585779

Professional Summary:

- Working as Application developer overall 7+ years of IT experience and 5+ years of strong technical skills in RPA (A11, A360 & UiPath) & VBA.
- Created **end to end automation solution**, which involves analysis, feasibility study, and technical feasibility study, designing architecture, development, design develop and test automation workflows, internal testing, UAT, deployment of automation solution and support in production and debugging the errors using error handlers & strong logical and problem-solving skills.
- Experience in requirement analysis, scope, design analysis, application development, debugging, testing and documentation of the various phases in a **Software development life cycle (SDLC)**.
- Worked on **Process Definition Document** (**PDD)** and **Solution Design Document (SDD)** step by step keystroke level.
- Hand on experience in Robotic Process Automation (RPA) with Automation Anywhere across different platforms and successful implementation in Production environment.
- Worked on Integrating applications like (Web Services, Service Now, MS Office, SAP, PDF, Txt and Outlook etc.) using workflow, automation tools (Automation Anywhere 11x & A360).
- Thorough understanding of testing concept and methodologies, prepare testcases, test plan and execute.
- Designed solutions utilizing RPA best practices and maintain technical responsibility for project delivery.
- Worked closely with Process SME to translate process in to detailed design documents and educated SME to work with Bots in production.
- Creating re-usable components and have built Task Bots, Meta Bots, IQ Bot and Unattended Bots in AA.
- Experience in code reviews using (Eunomia Tool) and code debugging skills.
- Have experience in interacting with multiple teams and Capable to quickly learn New Technologies and adapt to a new environment.
- Experienced Automation Specialist with over 5 years of expertise in implementing IQ Bot solutions to streamline data extraction and processing. Proficient in developing and deploying AI-driven automation workflows that significantly reduce manual efforts and enhance data accuracy.

Certification:

1. Automation Anywhere Master Certificate (AA 11x version)
2. Automation Anywhere Advanced Certificate (A360)

Skillset:

PA Platforms/Tools	Automation Anywhere 11x and A360, UiPath 19.1
Technology	A360 (Record Capture, IQ bot, SAP, Document Automation, Advanced Excel & OCR) VBA Macros and Advanced Excel (Pivot table, VLOOKUP with Match, index, offset, Data validation), SAP Scripts, Python script, VB scripts, MS-SQL, and MS Access.

Work Experience

1. **App Automation Eng Analyst** with "Accenture Solutions" from Sep 2018 to present.
2. **Business Support Specialist** with "RLabs Enterprise Services (former name - Ilabs Enterprise Services) (Client - Dell EMC) from Oct' 2017 to Apr' 2018.
3. **Senior Trainer** with "Excel UR Gyan" from Apr' 2015 to Jul' 2017.

Programming/Application Experience:

➢ Having 7+ years of experience in Advanced Excel, Macro VBA as well as RPA (Automation Anywhere and UiPath)
➢ Having 5+ Yrs. experience as Automation Anywhere and UiPath RPA developer
➢ Experience on SAP Automation, Meta bot, IQ bot, SQL database, Email Automation, REST Web Services, Object Cloning/Record Capture, OCR, Image Recognition, bot migration etc.

PROJECTS HANDLED:

Project#1 :

Project Title/Name : **Invoice Processing (F&A)**
Client : **LATAM Airlines**

Project Description : Invoice processing (SAP Posting), which makes use of SAP, Excel, Download PDF from SAP, and Outlook by A360 (VB Script, Record Capture, SAP, Excel Advanced, PDF, XML, Loop, IF, Log to File, List, CSV/TXT, System Information's, Task Bot, and Recorder & IQ Bot Extraction).
Role: Complete end to end Automation

roject#2

Project Title/Name : **Cash Application**
Client : **LATAM Airlines**
Project Description : the order to cash process in accounts receivable accounting files will receive from client in Google drive, the bot matching incoming payments to outstanding invoices and to the proper account where they can be entered.
Role: Complete end to end Automation

Project#3

Project Title/Name : **DFI SSRS**
Client : **MEDTRONIC INC.**
Project Description : Automated DFI-SSRS process, which makes use of service now & Excel by VBA and Microsoft SQL server Mobile Report Publisher.
Role: Complete end to end Automation

Project#4

Project Title/Name : **Gestion Cargo - Creation of ADM/ ACM Automation**
Client : **LATAM Airlines**

Project Description   **:** Automated Gestion Cargo - Creation of ADM/ ACM Automation Order to Cash process, which makes use of Service Now, SAP, IATA and BSP portal (Web portal) by A360 (IQ Bot & Task Bot) & VBA.

Role: Complete end to end Automation

Project#5

Project Title/Name   **: Cash Deck Automation**
Client   **: RESTAURANT BRANDS (F&A)**
Project Description   **:** Automated Cash Deck Automation Invoice to Pay (Accounts Payable) process, which makes use of SAP, Power Point, Word, Text, Outlook, and PDF by A360 (IQ Bot & Task Bot) & VBA, & Power Point (VBA).

Role: Complete end to end Automation

Academic Details:

- ❖ Bachelor of Commerce (B.COM) from M.E.S First Grade College with 70%, May' 2014 (Full Time).
- ❖ II PUC from M.E.S Pre-University College with 78%, March' 2011(Full Time).
- ❖ S.S.L.C from SHUBODAYA HIGH SCHOOL with 77.12%, March' 2009 (Full Time).

Personal Details:

Name   :   Jyothi R
Date of Birth   :   25-02-1994
Gender   :   Female
Language   :   English, Kannada & Tamil.
