ARCHANA THIRUPATHI

📞 8328420931 @ archana121218467052@gmail.com

SUMMARY

Dedicated and detail-oriented Quality Assurance professional with 6months of experience in software testing and quality assurance. Proven track record of ensuring high-quality software products by implementing effective testing strategies and methodologies. Seeking a challenging role in a dynamic organization where I can contribute my skills and expertise to deliver superior quality software solutions.

Conducted end-to-end testing of software applications, including functional, performance, and usability testing, to ensure adherence to quality standards and user requirements.

Created and executed test cases, test scenarios, and test scripts for web-based and client-server applications, focusing on both frontend and backend functionality.

Analyzed test results, identified defects, and tracked issues using defect tracking systems, and communicated findings to stakeholders in clear and concise reports.

Manual Testing

- Understanding Software Requirement Specification and identifying the required Test Scenarios.

- Well versed with SDLC, STLC and Defect Life Cycle.

- Professional Software Experience in which includes Effective identify Test Scenarios, Test Case Designing and Test Case Preparing.

- Extensive exposure in Black Box Testing using BVA and ECP.

- Experience in executing Test Cases to test the application functionality against the requirements manually.

- Experience in testing the Functionality, Compatibility, Database and Regression testing.

- Defect Reporting and Tracking using Automation Tool JIRA.

Functional Test Automation using Selenium

- Good Knowledge on Selenium automation Tool which includes –

- Selenium IDE ,Web Driver and TestNG Good Knowledge on core java programming.

- Good Knowledge on Hybrid Frameworks and basic idea on POM framework Exposure on Maven, ANT and Jenkins.

SKILLS

JIRA   Selenium   Manual Testing

Automation Testing

Functional Testing   QA Testing

Software Testing   Selenium   Agile

Cucumber   Core java   SDLC

STLC   Bug life cycle   Test Cases

Eclipse   Maven   Black box testing

Smoke Testing   Sanity Testing

Regression Testing   Scrum

TestNG   Agile   Git

PASSIONS

❤️ **Travelling**

💎 **Cooking**

TRAINING / COURSES

Selenium with core java

STRENGTHS

💎 **Attention to Detail**
Completing all tasks while paying attention to even the smallest issues

💎 **Motivation and Hard Work**
Always motivated to learn new things and improve in all areas of life

EDUCATION

Bachelor of Computer science
St.pious x degree & pg college for women
📅 2018 - 2021   📍 Hyderabad

GPA
8.42 / 10

Intermediate
Little Flower girls junior college
📅 2016 - 2018   📍 Nalgonda, India

GPA
8.7 / 10

SSC
St. Anns High school
📅 2016   📍 Mattampally

GPA
8.0 / 10

PROJECTS

Adactin Hotel App
📅 2023   📍 Online

Adactin hotel app is a mobile application designed for hotel management services.it allows hotel staff to manage room bookings,guest check-ins and check-outs,room services requests,and Other hotel-related services.the app is user friendly and provides real-time updates on the hottels occupancy and availability.it helps hotel staff to streamline their operations and provide a better guest experience.

- Understanding the Requirements and Functional Specifications of the Project.

  Identified Test Scenarios required for testing.

  Participated in designing the Test cases.

  Prepared and Executed Test Cases as per System Requirements.

  Performed various black box testing Methodologies like Functionality Testing, Usability Testing and Regression Testing.

  Selenium was used to generate automated test scripts for functionality.

  Created selenium scripts using Modular framework Test Management Test Case Execution and Defect Reporting) using JIRA Proficient in manual and automated testing methodologies Strong knowledge of software development lifecycle SDLC and Agile methodologies.

  Experience with test management tools such as Jira, Selenium.

  Excellent analytical, problem-solving, and communication skills.

  Ability to work effectively in a team environment and collaborate with cross-functional teams. Familiarity with programming languages such as Java, and SQL
