Power Platform Developer | Automation Anywhere Developer

Power Automate | Power BI | Power Apps | Automation Anywhere

Specializing in Power Platform and Automation Anywhere (RPA), I bring 3 years of experience in spearheading digital transformation initiatives. My expertise lies in crafting efficient automated solutions that minimize manual efforts, empower users and elevate business processes.

WORK EXPERIENCE

Sify Technologies Limited - *Chennai, Tamil Nadu*   Jan 2022- Present
Software Developer
Digital Office - UBI

- Leveraged all power platform capabilities to enhance the overall system performance.
- Responsible for developing a functional application for bank budgeting and implementing digital signatures for approvals.

BRS & Third-party registration

- I am responsible for devising an automation solution for the Bank Reconciliation Statement.
- Modifications are being introduced to streamline the procedure of updating customer details in Oracle's third-party platform using RPA.
- Successfully enhanced system performance by transitioning the BRS procedure from RPA to Python automation, assuming full responsibility for the project.

Sify Technologies Limited - *Chennai, Tamil Nadu*   Nov 2020- Dec 2021
Engineer Trainee
Mail migration to O365

- The decision to switch to a Staged migration from a third-party application for migrating emails from on-premises to O365 was made to improve the overall email environment and enhance performance.

PROJECTS

BRS Automation   Jan 2022-Present

- Client: Sify Technologies Limited
- A business creates a bank reconciliation statement to reconcile the balance in its accounting records with the balance in its bank account. This statement highlights the reasons behind any differences between the two balances.

Third Party Registration Automation   Sep 2022-Oct 2023
- Client: Sify Technologies Limited
- To update a customer record with a GST number in Oracle or any third-party system, a set of defined actions must be followed, considering the software's interface and functionalities.

Digital Office   Mar 2022- Present
- Client: UBI
- Shifting from the traditional manual method of managing daily banking tasks to an application-based approach brings about a significant change in terms of effectiveness and convenience.

Mail Migration   Oct 2021-Dec 2021
- Client: NIA, UBI
- Email migration involves transferring emails from one email client to another, typically to enhance the email environment of the existing system.

EDUCATION

Velammal College of Engineering and Technology - *Madurai, Tamil Nadu*
Bachelor of Engineering (B.E) – Computer Science & Engineering, Apr 2020

PROFESSIONAL SKILLS

- Power Automate
- Automation Anywhere
- Power BI
- Power Apps
- SQL
- Python Automation

SOFT SKILLS

- Problem-Solving Skills
- Time Management
- Adaptability
- Teamwork

CERTIFICATIONS

Power Platform Developer Associate (PL-400)   Oct 2023
- Credential ID: F5A12586D5FC09CA
